

A blue sky with white clouds and several colorful LEGO bricks (blue, yellow, red, green) floating in the air. The bricks are of various sizes and colors, scattered across the top half of the page.

Group Activities at LEGOLAND® Windsor

At LEGOLAND® Windsor we want to help you get the most out of your day, so we've listed a few ideas and ways that your group can work towards their Artist Badge, Imagination Badge, and Model Maker Badge.

- Build a model in our free daily LEGO kit workshops in the Discovery Zone.
- Write a story about your day at LEGOLAND.
- Think up a new land for LEGOLAND and draw what it looks like.
- Draw your favourite area or model in Mini Land.
- Make a collage using drawings and photographs of your day out at LEGOLAND.

If you're not completing a badge, you can still use these ideas for some fun activities to keep your group happy on their day out.

As an added benefit you are entitled to a 10% discount off all LEGO Kits purchased in Park at LEGO Big Shop on the day of your group visit. Download your voucher before you visit.
